Natsuki Ohta

President & CEO, ACT-FOR Co., Ltd. / Principal, Act International School
Representative, Natsuki Ohta JAPAN / Director, Japan Aroma Parfume Association

Ms. Ohta is Director of Act International School, a comprehensive academy that specializes in aromatherapy certifications, with branches in Tokyo and Shizuoka. The daughter of a tea farmer, she is also a perfumer and conceived the idea of making aroma out of the delightful scent of green tea with the aim of supporting the livelihoods of tea farmers. Her enthusiasm led to the development of links with various local groups and enterprises including tea farmers and makers of tea manufacturing machines. Commencing research and development in 2006, her efforts resulted in recognition as an Agricultural-Commercial-Industrial Collaboration Project by the Ministry of Economy, Trade and Industry and the Ministry of Agriculture, Forestry and Fisheries in 2011. In 2012, she succeeded in commercially developing "Natural Green Tea Aroma". In 2017, her efforts were specifically recognized as a Japan Brand Development Support Project by the Ministry of Economy, Trade and Industry. Her product was selected via a competition process to represent Japan at the reception to commemorate the Emperor's birthday held by the Embassy of Japan in the United Arab Emirates.

From in Shizuoka, the famous tea producing prefecture at the foot hills of Mt. Fuji

SHIZUNOKA — 静乃香 —

<Natural Green Tea Aroma and Natural green tea aromatic distillate>

Appearing only in the tea manufacturing process, SHIZUNOKA was until now known only to tea farmers, however, we now bring it to you having succeeded in extracting and condensing it utilizing by the world's first patented method. Similar to the scent that comes from the tea fields at the foot of Mt. Fuji, this is an "authentic natural" fragrance. Whether diffused as an aromatic mist using a humidifier or used as a room spray, we hope that this natural scent, which purifies both body and soul, will bring joy to you.

How to Enjoy SHIZUNOKA

As a room spray

<How to use>

- 1 Remove the aluminum cap and replace it with the spray cap.
- 2 Push 3-5 times to diffuse the scent.

As a humidifying fluid

Necessary apparatus: Ultrasonic humidifying aromatic diffuser

<How to use>

- 1 Remove the main cover and pour "SHIZUNOKA" into the water tank without diluting.
- 2 Put the main cover back and turn on the power.
- 3 Enjoy the natural green tea aromatic mist.

How SHIZUNOKA is made

Vapor produced in the tea manufacturing process is utilized. It also has a fresh fragrance!

Patent acquired

Vapor is captured using the special device

Blending of natural green tea aromatic distillate and natural green tea aroma

SHIZUNOKA [静乃香]

SHIZUNOKA [静乃香]

Blending natural green tea aromatic distillate with natural green tea aroma, Shizunoka is colorless and transparent, and does not include the non-volatile tannin that causes tea stains. Please enjoy the fresh scent of tea fields comprising only the fragrant ingredients of steamed tea leaves

<Main ingredients> 1-penten-3-ol, heptanal, hexenal, (Z)-3-hexenal, linalool, octanol, geraniol, benzene alcohol, 2-phenethylethanol, β -ionone, (E)-nerolidol, indole
